

Everything you need to know about registration.....

CURRENT STUDENTS

- ❖ You will receive a registration packet in a meeting during your regular class. Everything you need to register for the next year will be in the packet. The packet will also include information for recital, your two complimentary recital tickets, your participation certificate for the year, and the summer schedule. Be sure to read through everything!
- ❖ A sheet with your class recommendations for next year will be in your packet.
- ❖ You will put a check beside classes that you want to keep and cross out classes you do not want to take. Then you will turn in the sheet at the front desk. You only need to fill out a new index card if there are changes in your address, email, or phone number.
- ❖ As a current student you will receive a discounted registration fee until the end of May. You must register in May to get the discount. After that the registration fee goes up to regular price.
- ❖ You get one t-shirt for your dancer with your registration. Please indicate the size on your class recommendation sheet. Additional shirts for parents are available for purchase. Just sign up at the front desk.
- ❖ Bring-a-Friend week is the week after you receive your registration information. You will receive \$15 off of your September tuition for every friend that you bring that registers for classes.

NEW STUDENTS

- ❖ Watch the website for Bring-a-Friend week dates and times. This is a great way to try a class!
- ❖ Watch the website for registration dates and times. We will be accepting new student registrations at the studio during designated times and by appointment. Email the studio for more information.
- ❖ The schedules posted on the website can give you a good idea of when your dancer might have class, but ages are an approximation. Class placement will be determined by a Dance Attic staff member.
- ❖ The summer classes are a great way to try different dance styles and see what you would like to do.
- ❖ Feel free to email or call the studio for more information.
